

Strategic Prevention Framework  
State Incentive Grant  
(SPF SIG)  
Cross-Site Evaluation

Community Level Instrument  
(Part II):  
Intervention Strategies

October 2008

Substance Abuse and Mental Health Services Administration  
Center for Substance Abuse Prevention

Burden Statement: Public reporting burden of this collection of information is estimated to average 3 hours per response. Send all comments regarding this burden estimate or any other aspect of this collection of information to SAMHSA Reports Clearance Officer, Room 7-1045, Choke Cherry Road, Rockville, MD 20857. An agency may not sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The control number for this project is 0930-0279.

## **Intervention Form**

### ***Information and Directions***

This instrument is designed to collect information about activities conducted by community partners for the Strategic Prevention Framework State Incentive Grant (SPF SIG) Initiative. This information will be collected every 6 months, with a select number of questions being asked only once throughout the life of the grant.

The CLI is designed as a two-part survey. Part I collects data about the community partner's progress through the strategic prevention framework. Part II collects information about the specific intervention(s) being implemented by the community partner. The community partner will complete a separate Part II form for each intervention implemented. For example, if the community is implementing a participant-based intervention classified as a prevention education strategy and another intervention classified as an environmental strategy, they will complete two Part II forms. Data collected from the survey will be used to evaluate the effectiveness of the SPF SIG.

Each community partner will be assigned a unique numerical identification. This identification number will be used to ensure that communities cannot be identified by name. In addition, no individuals will be identified in the reporting of results.

Make sure to read all of the directions and examples, which are provided in *italics*.

Directions for skipping questions are indicated where appropriate to minimize the time needed to complete the questionnaire. This web-based survey is designed to automatically take you to the appropriate question, but you should still follow the directions closely.

Throughout this instrument, words that are underlined are hyper linked to a list of definitions. In addition, if you click below you can access SAMHSA's prevention glossary.

[https://preventionplatform.samhsa.gov/MacroHQ/Glossary2/dssglossary.cfm?sect\\_id=1&topic\\_id=99&CFID=565294&CFTOKEN=32264551](https://preventionplatform.samhsa.gov/MacroHQ/Glossary2/dssglossary.cfm?sect_id=1&topic_id=99&CFID=565294&CFTOKEN=32264551) .

Throughout this document, the term "you" refers to the community partner that has received SPF SIG funding from the state. This could be an organization, coalition, or other entity. If this community partner is a community coalition, the Project Director for the SPF SIG project is required to complete the instrument, with input from other coalition members as needed.

You are strongly encouraged to obtain input from others involved with the SPF SIG funded project. Each section of the instrument includes a list of individuals whom you may want to consider asking to assist you in this data collection process. As part of this process, we encourage you to print out a hard copy of the instrument and review it with key individuals, such as the project coordinator, evaluator, intervention delivery staff, and others, as appropriate.

## SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

As you enter your data, you will be able to save your work and come back to it at another time. You may also write your responses to the narrative response questions in a word processor and copy and paste them into the web-based survey.

If you need assistance in completing this instrument, contact Shelly Kowalczyk at (301) 587-1600 or via e-mail at [skowalczyk@mayatech.com](mailto:skowalczyk@mayatech.com)

People you may want to include in responding to this form:

- Project Director
- Project Coordinator
- Intervention delivery staff
- Evaluator
- Coalition representative(s)

***Intervention Information***

1. **P2Q1** Name of the intervention. **This field will be auto-filled based on response in question 180 in Part I of the Web-based survey.**

\_\_\_\_\_

2. When did you begin funding this intervention? (*Provide MM/YYYY.*)

**P2Q2\_Month** MM/ **P2Q2\_Year** YYYY \_\_\_\_\_

3. **P2Q3** Have you completed implementing this intervention?

- Yes  
 No (If no, proceed to question 4.)

- 3a. When did you complete implementing this intervention? (*Provide MM/YYYY.*)

**P2Q3A\_Month** MM/ **P2Q3A\_Year** YYYY \_\_\_\_\_

4. What factors, beyond data driven planning, influenced your intervention selection? (*Select all that apply.*)

- P2Q4\_01** Local capacity to deliver interventions  
 **P2Q4\_02** Cost  
 **P2Q4\_03** Experience implementing intervention prior to SPF SIG funding  
 **P2Q4\_04** Political environment  
 **P2Q4\_05** Requirements of partnering organizations  
 **P2Q4\_06** Evidence-based literature on effectiveness  
 **P2Q4\_07** Other information supporting the effectiveness of the intervention  
 **P2Q4\_08** Demographics or cultural characteristics of local population  
 **P2Q4\_09** Availability of technical assistance  
 **P2Q4\_10** Recommendation by state funding agency  
 **P2Q4\_11** Other (*Describe.*) **P2Q4\_OTH** \_\_\_\_\_

**P2Q5**

5. Is this an evidence-based program, policy or practice ? (*Select one response.*)

- Yes  
 No (*If no, proceed to question 7.*)

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

6. How do you know this is an evidence-based program, policy or practice? (*Select all that apply.*)

- P2Q6\_1 We did not use any specific criteria to determine that this was an evidence-based program, policy or practice
- P2Q6\_2 Inclusion in a federal list or registry of evidence-based interventions
- P2Q6\_3 Found to be effective in a peer-reviewed journal
- P2Q6\_4 Documentation of effectiveness based on the following guidelines:
- Based on a solid theory or theoretical perspective that has been validated by research
  - The intervention is supported by a documented body of knowledge, generated from similar or related interventions that indicate effectiveness
  - The intervention is judged by a consensus among informed experts to be effective based on a combination of theory, research and practice experience (informed experts may include key community prevention leaders, and elders or other respected leaders within indigenous cultures)
- P2Q6\_5 Other (*Describe.*) P2Q6\_OTH \_\_\_\_\_

P2Q7

7. Is this a new intervention developed and tested by you, the community partner? *Some communities are funded to create new interventions for specific target populations, substances and consequences that have been identified as problem areas in the community. If your intervention is one you developed and have tested or are planning on testing with a target population select "yes." (Select one response.)*

- Yes (*If yes, the respondent will skip questions 27-40.*)
- No (*If no, proceed to question 10.*)

P2Q8

8. If the intervention you are developing is based on an evidence-based program, policy or practice, provide the name of that intervention. *If you do not know the full name of the intervention, provide the name you use. For example, you may have developed a new intervention, but used Life Skills Training as a starting point for your newly designed intervention. Provide as much information as necessary for clarification. (500 character limit.)*

---

9. Indicate why you decided to develop a new intervention rather than using a previously tested intervention. (*Select all that apply.*)

- P2Q9\_1 Previously tested interventions did not address the need in our community
- P2Q9\_2 Previously tested interventions were not culturally appropriate
- P2Q9\_3 Previously tested interventions were too costly
- P2Q9\_4 Other (*Describe.*) P2Q9\_OTH \_\_\_\_\_

P2Q10

10. Which of the following best describes this intervention? (*Select one response.*)

- Not implemented in the community prior to SPF SIG funding (*If marked, proceed to question 12.*)
- Continuation of an intervention with no change (*If marked, proceed to question 12.*)
- Continuation of an intervention with changes or adaptations

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q11

11. If the intervention is the continuation of an intervention with changes or adaptations, describe the changes or adaptations and the reasons for the changes. (3000 character limit.)

---

---

---

P2Q12

12. Is your definition of community based on geography? (Select one response.)

- Yes  
 No (If no, proceed to question 18.)

For questions 13 through 17 below, indicate the areas being served by this intervention and the estimated population of this area. You are required to include zip codes (question 15) for all areas being served by this intervention. This is for reporting purposes to CSAP. Use one line to describe each area. Other than zip code, you only need to complete those categories that are appropriate for your intervention and community served.

13. City/Town	14. County/Parish	15. Zip code(s)	16. Other geographic areas (Describe.)	17. What is the estimated population for the area described?
P2Q13_1	P2Q14_1	P2Q15_1	P2Q16_1	P2Q17_1
P2Q13_2	P2Q14_2	P2Q15_2	P2Q16_2	P2Q17_2
P2Q13_3	P2Q14_3	P2Q15_3	P2Q16_3	P2Q17_3
*The city/town variable name continues through P2Q13_400	*The county/parish variable name continues through P2Q14_400	*The zip code variable names continues through P2Q15_400	*The other areas variable name continues through P2Q16_400	*The estimated population variable name continues through P2Q17_400

P2Q18

18. Of the total SPF SIG funding you received, what was the amount spent on this entire intervention--including planning, developing, implementing and evaluating the intervention--during this reporting period? Make sure to include overhead and salary costs in the amount. If you do not know the exact amount spent, respond with the best numeric estimate. (Round to the nearest dollar. E.g., 36000). Do not use '\$' when entering your response.

\$ \_\_\_\_\_

P2Q19

19. Approximately what percentage of total funding for this intervention comes from SPF SIG funds? If you do not know the exact amount allocated, respond with your best estimate. This response should be written as a whole number. For example, if you received about a third of your funding for this intervention from SPF SIG funds, respond with 33. Do not use '%' when entering your response.

\_\_\_\_\_ %

20. Indicate the CSAP domain this intervention targets: *(Select all that apply.)*

*For more information on CSAP's domains, visit the Web site listed here:*

<http://captus.samhsa.gov/home.cfm>

- P2Q20\_1 Individual domain
- P2Q20\_2 Family domain
- P2Q20\_3 Peer domain
- P2Q20\_4 School domain
- P2Q20\_5 Community domain
- P2Q20\_6 Society/Environmental domain

P2Q21

21. Indicate the type of strategy this intervention uses: *(Select one response.)*

- Not yet serving participants/reaching targeted population
- Prevention education
- Alternative drug-free activities
- Problem identification and referral
- Community based processes
- Environmental strategies
- Information dissemination
- Other activities or services delivered to individuals *(Describe.)* P2Q21\_OTH8 \_\_\_\_\_
- Other activities or services not delivered to individuals *(Describe.)* P2Q21\_OTH9 \_\_\_\_\_

P2Q22

22. Does this intervention include a curriculum or manual? *By curriculum or manual, we mean a set of instructions about how to deliver the intervention. This can be a pre-existing curriculum or manual created by the intervention developer or a formal curriculum or manual developed by the community partner. (Select one response.)*

- Yes
- No

P2Q23

23. Have any individual participants been served by this intervention during this reporting period, for example in classroom-based interventions or other direct service interventions? *(Select one response.)*

- Yes
- No

**DO NOT ANSWER QUESTIONS 24 – 26. THESE QUESTIONS WERE DELETED**

24.  
25.  
26.

**Adaptations**

This section asks for information about any adaptations you made to this evidence-based program, policy or practice. We understand that making adaptations to an intervention can help make it more accessible to a specific population and we would like your honest answers about adaptations you may have made. Adaptations may include changes in target population, content, cultural appropriateness, dosage, duration, or setting of the intervention that are different from those recommended by the intervention developer.

**P2Q27**

27. Did you adapt the intervention in order to deliver it to a **target population** that was not indicated by the developer? (Examples of adaptations include, targeting an age group younger than the indicated target population or targeting pregnant teens as opposed to young adults ages 18-24 as indicated by the developer.) (Select one response.)

- Yes
- No (If no, proceed to question 29.)
- Intervention developer makes no recommendations for target population (If marked, proceed to question 29.)
- Not applicable (If not applicable, proceed to question 29.)

**P2Q28**

28. Describe the adaptation you made in order to deliver the intervention to a target population that was not indicated by the developer. (Provide a concise written description in the space available.) (3000 character limit.)

---

---

---

---

**P2Q29**

29. Did you make any adaptation to the **curriculum or manual content** of the intervention? (Select one response.)

- Yes
- No (If no, proceed to question 31.)
- Intervention developer makes no recommendations for curriculum or manual content (If marked, proceed to question 31.)
- Not applicable (If not applicable, proceed to question 31.)

**P2Q30**

30. Describe the adaptation made to the curriculum or manual content. (Provide a concise written description in the space available.) (3000 character limit.)

---

---

---

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q31

31. Did you make any adaptations to address the **cultural appropriateness** of the intervention for a particular group? (*Select one response.*)
- Yes
  - No (*If no, proceed to question 33.*)
  - Intervention developer makes no recommendations regarding the **cultural appropriateness** of the intervention for different groups (*If marked, proceed to question 33.*)
  - Not applicable (*If not applicable, proceed to question 33.*)

P2Q32

32. Describe the changes you made to improve the **cultural appropriateness** of the intervention and how the fit was improved for a particular group. (*Provide a concise written description in the space available.*) (3000 character limit.)

---

---

---

---

P2Q33

33. Did you adapt the recommended **dosage** for this intervention (e.g., the number of sessions or number of public service announcements (PSAs) or other media spots)? (*Select one response.*)
- Yes
  - No (*If no, proceed to question 36.*)
  - Intervention developer makes no recommendations for **dosage** (*If marked, proceed to question 36.*)
  - Not applicable (*If not applicable, proceed to question 36.*)

P2Q34

34. Indicate the recommended **dosage**.

\_\_\_\_\_

P2Q35

35. Indicate the **dosage** actually delivered.

\_\_\_\_\_

P2Q36

36. Did you adapt the recommended **duration** (e.g., days or hours) of this intervention? (*Select one response.*)
- Yes
  - No (*If no, proceed to question 39.*)
  - Intervention developer makes no recommendations for **duration** (*If marked, proceed to question 39.*)
  - Not applicable (*If not applicable, proceed to question 39.*)

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q37

37. Indicate the recommended duration, in hours, of this intervention. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ hours

P2Q38

38. Indicate the number of hours actually spent delivering the intervention. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ hours

P2Q39

39. Did you make an adaptation to the setting of the intervention (e.g., classroom, worksite, etc.)? *(Select one response.)*

- Yes
- No *(If no, proceed to question 41.)*
- Intervention developer makes no recommendations for setting *(If marked, proceed to question 41.)*
- Not applicable *(If not applicable, proceed to question 41.)*

P2Q40

40. Describe the adaptation made to the setting of the intervention (e.g., classroom, worksite, etc.). *(Provide a concise written description in the space available.) (3000 character limit.)*

---

---

---

---

P2Q41

41. Did you collect information regarding participant satisfaction with the cultural appropriateness of the intervention? *(Select one response.)*

- Yes
- No *(If no, proceed to question 43.)*

P2Q42

42. What were the results of the assessment of participants' satisfaction with the cultural appropriateness of the intervention? *The results of an assessment of the cultural appropriateness of an intervention will vary greatly. For this reason, we have included broad response options of highly satisfied, moderately satisfied, and not satisfied. We ask that you analyze the results of your particular assessment and choose the category that best corresponds to the overall results of your assessment. (Select one response.)*

- Participants were highly satisfied with cultural appropriateness.
- Participants were moderately satisfied with cultural appropriateness.
- Participants were not satisfied with cultural appropriateness.
- Not enough participants responded to adequately assess their satisfaction with the cultural appropriateness of the intervention.

***Intervention Outcomes***

This section pertains to the collection of outcome data. Outcome data is information that reveals the extent of change in targeted attitudes, values, behaviors, or conditions between baseline measurement and subsequent points of measurement. Depending on the nature of the intervention and the theory of change guiding it, changes can be immediate, intermediate, final, or longer-term outcomes.

*If your intervention evaluation was conducted at the state level, you may need to collaborate with the State in order to complete questions 43 through 46.*

P2Q43

43. Were any outcome data collected during this reporting period? *This includes pretest, exit, and follow-up data, as well as other types of data. (Select one response.)*
- Yes
- No *(If no, proceed to question 47.)*
44. If outcome data were collected, what was your sampling strategy? *(Select all that apply.)*
- P2Q44\_1 The entire target population for the intervention
- P2Q44\_2 Only the actual persons who directly participated in the intervention
- P2Q44\_3 A specifically selected comparison group that did not receive the intervention
- P2Q44\_4 Some other population or subgroup *(Describe.)* P2Q44\_OTH \_\_\_\_\_
45. Indicate the CSAP National Outcome Measures (NOMs) that are being collected. *(Select all that apply.) If completing the Web-based version of this instrument, click [here](http://www.nationaloutcomemeasures.samhsa.gov/) to visit CSAP's information about NOMs. (<http://www.nationaloutcomemeasures.samhsa.gov/>)*
- P2Q45\_01 30-day use
- P2Q45\_02 Perceived risk of use
- P2Q45\_03 Age of first use
- P2Q45\_04 Perception of disapproval
- P2Q45\_05 ATOD (Alcohol Tobacco and Other Drugs) suspensions/expulsions
- P2Q45\_06 School attendance divided by enrollment (defined as attendance as a percentage of enrollment)
- P2Q45\_07 Workplace ATOD (Alcohol Tobacco and Other Drugs) use
- P2Q45\_08 Drug-related crime
- P2Q45\_09 Alcohol-related car crashes and injuries
- P2Q45\_10 Number of persons served by age, gender, race and ethnicity
- P2Q45\_11 Total number of evidence-based programs, policies, or practices
- P2Q45\_12 Increased services provided within cost bands for universal direct, universal indirect, selective, and indicated programs.
- P2Q45\_13 National Outcome Measures were not collected

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q46

46. Was an analysis of outcome data completed during this reporting period? *This analysis could have been completed by the community partner, the state, or some other entity. In addition, this analysis could have been conducted by someone paid through the SPF SIG funds, or someone who was providing their services free-of-charge or as an in-kind contribution. (Select one response.)*

- Yes  
 No

**Closing Question**

P2Q47

47. Provide any additional comments about your prevention intervention activities here. *(Provide a concise written description in the space available.) (3000 character limit.)*

**Prevention Education Sub-Form**

48. When did you first start serving participants with this intervention, including all cycles? *(Provide MM/YYYY.)*

P2Q48\_Month MM/ P2Q48\_Year YYYY \_\_\_\_\_

P2Q49

49. Is this a recurring intervention, in which the same group of people are served over multiple intervention sessions? *An example would be an intervention that is delivered to the same group of participants every Monday night for 6 weeks, or to an 8<sup>th</sup> grade health class every Friday in a semester. (Select one response.)*

- Yes  
 No

P2Q50

50. Is this intervention implemented in a series of cycles, in which a new group of participants is served on a regular schedule, such as a new school year? *If your intervention takes place for a period of time with the same participants and then starts over with new participants, select "yes." An intervention can be both recurring (question 49) and implemented in a series of cycles (question 50). (Select one response.)*

- Yes  
 No *(If no, proceed to question 52.)*

P2Q51

51. If the intervention is implemented in cycles, what are the cycles based on? *(Select one response.)*

- The school calendar (quarters, semesters, school year)  
 The SPF SIG funding cycle  
 An organizational fiscal cycle  
 P2Q51\_OTH Other *(Describe.)* \_\_\_\_\_

P2Q52

52. How many new groups of participants started the intervention during this reporting period? *This response should be written as a whole number (e.g., 4).*

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Use the table below to indicate the total number of new participants (reported in question 58A) of each race served during the reporting period. Include all participants who were served by this intervention during this reporting period.

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you served African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American. Note: If information on race was not collected for Hispanic populations, include this population as “other” on the race category.

<b>Racial Category</b>	<b>a. Number of participants served</b>	<b>b. Subgroups served, if applicable (e.g., Korean, Apache Indian Tribe)</b>
59. American Indian/Alaska Native	P2Q59a _____	P2Q59b
60. Asian	P2Q60a _____	P2Q60b
61. Black or African American	P2Q61a _____	P2Q61b
62. Native Hawaiian or Other Pacific Islander	P2Q62a _____	P2Q62b
63. White	P2Q63a _____	P2Q63b
64. Participants who selected more than one race	P2Q64a _____	P2Q64b
65. Don't Know/Other (Specify) P2Q65_OTH _____	P2Q65a _____	P2Q65b

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Use the table below to indicate the number of new participants (reported in Question 58A) served by this intervention during this reporting period who considered themselves of Hispanic or Latino background and list any specific subpopulations that were served. Enter '0' if you did not serve any Hispanic/Latino participants.

<b>Ethnic Category</b>	<b>a. Number of participants served</b>	<b>b. Subgroups served, if applicable (e.g., Puerto Rican)</b>
66. Hispanic/Latino	_____ <b>P2Q66a</b> <input type="checkbox"/> Don't Know _____	<b>P2Q66b</b>

### Alternative Drug-Free Activities Sub-Form

67. When did you first start serving participants with this intervention, including all cycles?  
(Provide MM/YYYY.)

P2Q67\_Month MM/ P2Q67\_Year YYYY \_\_\_\_\_

Questions 68 through 77 pertain to alternative drug-free activities that were targeted at a specific group, such as high school students, college students, etc.

P2Q68

68. Are these recurring activities, in which the same group of people is served over multiple intervention sessions? (Select one response.)

- Yes
- No

P2Q69

69. Is this intervention implemented in a series of cycles, in which a new group of participants is served on a regular schedule, such as a new school year? (Select one response.)

- Yes
- No (If no, proceed to question 71.)

P2Q70

70. If the intervention is implemented in cycles, what are the cycles based on? (Select one response.)

- The school calendar (quarters, semesters, school year)
- The SPF SIG funding cycle
- An organizational fiscal cycle
- Other (Describe.) P2Q70\_OTH \_\_\_\_\_

P2Q71

71. How many new groups of participants started the intervention during this reporting period?  
This response should be written as a whole number (e.g., 4).

\_\_\_\_\_

P2Q72

72. How many groups of participants completed the intervention during this reporting period?  
This response should be written as a whole number (e.g., 4).

\_\_\_\_\_

P2Q73

73. What was the total number of sessions provided for all groups of participants in the intervention during this reporting period? This response should be written as a whole number (e.g., 4).

\_\_\_\_\_

P2Q74

74. What was the average length of the individual sessions, in hours, during this reporting period? This response should be written as a whole number (e.g., 4).

\_\_\_\_\_ hours

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

75. What was the format of the intervention during this reporting period? (*Select all that apply.*)

- P2Q75\_1 Individual
- P2Q75\_2 Small group (2-9)
- P2Q75\_3 Large group (10-49)

### Community-Based Processes Sub-Form

Indicate the activities that were conducted during this reporting period to enhance community resources (activities that will help the community address substance abuse and serve those with substance abuse problems), and provide activity details if asked.

**P2Q102**

102. Indicate the number of task force/coalition members you recruited during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ (If you did not do any work related to task forces or coalitions during this reporting period, leave the response blank and proceed to question 105.)

**P2Q103**

103. Indicate the number of task force/coalition meetings you held during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ (If none, enter '0.')

**P2Q104**

104. Indicate the number of task force/coalition members you trained during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ (If none, enter '0.')

**P2Q105**

105. Indicate the number of other community members you trained during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ (If none, enter '0.')

**P2Q106**

106. Did you coordinate funding with other organizations/projects during this reporting period? (Select one response.)  
 Yes  
 No

**P2Q107**

107. Did you develop interagency coordination mechanisms during this reporting period? (Select one response.)  
 Yes  
 No

**P2Q108**

108. Did you develop prevention or provider networks during this reporting period? (Select one response.)  
 Yes  
 No

**P2Q109**

109. Indicate how many community outreach/education sessions you hosted during this reporting period, if any. *Do not include outreach or education sessions that are counted or reported in another section of this instrument. This response should be written as a whole number (e.g., 4).*  
\_\_\_\_\_ (If none, enter '0.')

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q110

110. Indicate the number of community organizations to whom you provided funding or other in-kind donations during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*

\_\_\_\_\_ (If none, leave the response blank and proceed to question 112.)

P2Q111

111. How much funding did you provide to community organizations during this reporting period? (Include in-kind donations.). *This response should be rounded to the nearest dollar (e.g., 36,000).*

\$\_\_\_\_\_ (If none, enter '0.')

P2Q112

112. Indicate the number of community organizations to whom you provided technical assistance during this reporting period, if any. *This response should be written as a whole number (e.g., 4).*

\_\_\_\_\_ (If none, enter '0.')

P2Q113

113. Did you reorganize local agencies to promote efficiency in delivering substance abuse prevention during this reporting period? (Select one response.)

Yes

No

P2Q114

114. Did you reallocate local funds for substance abuse prevention during this reporting period? (Select one response.)

Yes

No

P2Q115

115. Did you formally change ways local organizations work together to address substance abuse prevention during this reporting period, for example by officially changing school curricula or by documenting specific policies or practices for working together? (Select one response.)

Yes

No

P2Q116

116. Did you monitor regulatory or compliance changes by the state toward local or regional organizations during this reporting period? (Select one response.)

Yes

No

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q117

117. Did you conduct other community activities during this reporting period? (*Select one response.*)

- Yes (*Describe.*) \_\_\_\_\_  
 No (*If no, proceed to question 118A.*)

P2Q118

118. How often did you conduct other community activities during this reporting period?  
\_\_\_\_\_

118A. Provide an estimate of the percentage of individuals who received or were affected by this intervention by gender. *This percentage should be written as a whole number (e.g., 20) and the sum of all responses should equal 100%. Do not use ‘%’ when entering your response.*

- P2Q118A\_1 Percent female: \_\_\_\_\_ %  
P2Q118A\_2 Percent male: \_\_\_\_\_ %  
P2Q118A\_3 Don't know/Other: \_\_\_\_\_ %

118B. Provide an estimate of the percentage of individuals who received or were affected by this intervention by age group. *This percentage should be written as a whole number (e.g., 20) and the sum of all responses should equal 100%. Do not use ‘%’ when entering your response.*

- P2Q118B\_1 Children age 0 to 4: \_\_\_\_\_ %

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Use the table below to indicate the **estimated** percentages of each race that were targeted in this intervention during the reporting period. The sum of all races should total 100%. *Do not use ‘%’ when entering your response.*

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you targeted African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

<b>Racial Category</b>	<b>a. Percentage of population targeted</b>	<b>b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)</b>
119. American Indian/Alaska Native	P2Q119a _____ %	P2Q119b
120. Asian	P2Q120a _____ %	P2Q120b
121. Black or African American	P2Q121a _____ %	P2Q121b
122. Native Hawaiian or Other Pacific Islander	P2Q122a _____ %	P2Q122b
123. White	P2Q123a _____ %	P2Q123b
124. Participants who selected more than one race	P2Q124a _____ %	P2Q124b
125. Don't Know/Other (Specify.) P2Q125_OTH _____	P2Q125a _____ %	P2Q125b

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Use the table below to indicate the **estimated** percentage of Hispanic/Latino populations that were targeted in this intervention and list any specific subpopulations that were targeted. *Do not use ‘%’ when entering your response.* Enter ‘0’ if you did not target any Hispanic/Latino participants.

<b>Ethnic Category</b>	<b>a. Percentage of population targeted</b>	<b>b. Subgroups targeted, if applicable (e.g., Puerto Rican)</b>
126. Hispanic/Latino	P2Q126a _____% <input type="checkbox"/> Don't Know	P2Q126b

## Environmental Strategies Sub-Form

Throughout this sub-form, “you” refers to your organization and your organization’s partners. For example, if you worked with the police department to conduct more sobriety checkpoints, you would report this activity on this form.

The questions below are an attempt to provide a list of potential activities associated with environmental-based interventions including policy, enforcement, communication, and other types of activities. Please note that these questions are meant to provide a standard way of reporting on the activities that may comprise your environmental-based intervention.

Indicate the type(s) of activities you conducted during this reporting period related to **policy** as part of this specific environmental-based intervention.

### P2Q127A

127A. For this intervention, please let us know which of the following response options best corresponds to the activities you conducted as part of this intervention. If there is no adequate match, select ‘other, specify’ and describe what you did in a few words.

Please keep in mind that publicity and/or promotional activities done in support of a particular intervention (e.g., PSAs in support of Cops in Shops) should not be classified as their own intervention (i.e., a media campaign). (*Select one response.*)

#### Compliance

- Compliance checks of alcohol or tobacco retailers
- Decrease counterproductive adult modeling behaviors
- Minimum age of purchase for alcohol and tobacco
- Parental monitoring
- Prescription drug disposal
- Prescription Monitoring Program
- Surveillance of known areas for drug sales

#### Enforcement

- Alcohol Unit creation in law enforcement

#### Enforcement - Businesses/Merchants

- Administrative penalties

#### Enforcement - Drivers

- Administrative license revocation for impaired drivers
- Blood alcohol content limits (typically reduced to .08)
- Enforce impaired-driving laws
- Graduated licensing policies
- Immobilize or impound the vehicles of those convicted of impaired driving
- Random BAC testing for drivers; no probable cause required
- Sanctions and monitoring for convicted drunk drivers
- Sobriety checkpoints
- Sobriety checkpoints with use of passive breath sensors

#### Enforcement - Possession by Youth

## SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

- Apply appropriate penalties to minors in possession of alcohol or tobacco
- Controls on alcohol service at private parties
- Cops in shops
- Curfews
- Increase use of screening and brief interventions

### **Enforcement - Suppliers of Alcohol to Underage Youth**

- Beer keg registration
- Decrease alcohol promotions (retail)
- Party patrols
- Shoulder-tap enforcement programs
- Social host liability laws

### **General Policy**

- Cigarette vending machines restrictions
- Clean indoor air laws
- Community Mobilizing for Change on Alcohol
- Community Prevention Trials
- Drug Free Schools Zones/School use policies
- Drug Free Workplace/Workplace use policies
- Land Use Ordinances/Conditional Use Permits for alcohol outlets
- Organizational policies related to ATOD
- Policies related to problems/consequences of substance abuse
- Policies/practices effecting social access (underage drinking)
- Price or tax increase on alcohol or tobacco
- School ATOD policies
- Teen party ordinances
- Underage drinking model policy (police departments) and enforcement

### **Media**

- ATOD warning posters
- Countermarketing/ counteradvertising campaigns
- Mass media campaigns
- Media (e.g., billboards, PSAs) that describe penalties for certain offenses
- Media advocacy
- Media literacy
- Social norms campaigns/Social marketing
- Zero Tolerance Means Zero Chances Campaign

### **Restrictions/Regulations**

- Alcohol home delivery regulations or bans
- Alcohol restrictions at community events
- Alcohol use restrictions in public places
- Billboard alcohol and tobacco advertising restrictions
- College campus policies (parental notification of campus alcohol infractions; substance-free housing)
- Get to know state legislators-general policy development
- Laws against adult provision of alcohol and tobacco
- Methamphetamine precursor prohibition

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

- Open container laws
- Prohibiting minors from bars
- Prohibition of alcohol or tobacco sponsorship of events and other promotions
- Retail alcohol outlets density restrictions
- Tank Locks for Methamphetamine Prevention

**Server/Seller**

- Checking age identification for alcohol and tobacco (Combined with Compliance Checks)
- Increase beverage servers' legal liability
- Minimum age of seller requirements
- Responsible beverage service training
- Restrict and enforce minors access to alcohol and tobacco

**Other**

- Other (Describe) \_\_\_\_\_

**P2Q127**

127. Did you work to enact open container laws prohibiting alcohol consumption in public places as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- No (*If no, proceed to question 129.*)
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (*If not applicable, proceed to question 129.*)

**P2Q128**

128. Were you successful in your efforts to enact open container laws as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

**P2Q129**

129. Did you work to enact limits on the location, density, and hours of operation of liquor stores as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- No (*If no, proceed to question 131.*)
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (*If not applicable, proceed to question 131.*)

**P2Q130**

130. Were you successful in your efforts to enact limits on the location, density, and hours of operation of liquor stores as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q131

131. Did you work to enact zoning ordinances to prohibit new alcohol outlets as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- No (*If no, proceed to question 133.*)
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (*If not applicable, proceed to question 133.*)

P2Q132

132. Were you successful in your efforts to enact zoning ordinances as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q133

133. Did you work to enact limits on smoking in public places (e.g., movie theaters and restaurants) as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- No (*If no, proceed to question 135.*)
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (*If not applicable, proceed to question 135.*)

P2Q134

134. Were you successful in your efforts to enact limits on smoking in public places as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q135

135. Did you work to enact limits on the use and placement of cigarette vending machines as part of this intervention during this reporting period? (*Select one response.*)

- Yes
- No (*If no, proceed to question 137.*)
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. (*If not applicable, proceed to question 137.*)

P2Q136

136. Were you successful in your efforts to enact limits on the use and placement of cigarette vending machines as part of this intervention during this reporting period? (*Select one response.*)

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q137

137. Did you work to enact regulations on alcohol or tobacco advertising and billboard placements in the community as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 139.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 139.)*

P2Q138

138. Were you successful in your efforts to enact regulations on alcohol or tobacco advertising and billboard placements as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q139

139. Did you work to establish drug/alcohol/tobacco-free school zones and/or school use policies as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 141.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 141.)*

P2Q140

140. Were you successful in your efforts to establish drug/alcohol/tobacco-free school zones and/or school use policies as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q141

141. Did you work to establish drug/alcohol/tobacco-free workplaces and/or workplace use policies as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 143.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 143.)*

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

P2Q142

142. Were you successful in your efforts to establish drug/alcohol/tobacco-free workplaces and/or workplace use policies as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q143

143. Did you work to enact policies to reduce the problems/consequences associated with substance abuse (e.g., crime, driving under the influence, etc.) as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 145.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 145.)*

P2Q144

144. Were you successful in your efforts to enact policies to reduce the problems/consequences associated with substance abuse as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q145

145. Did you work to implement organizational policies (e.g., within recreation leagues, summer camps, other non-governmental organizations) to reduce drug/alcohol/tobacco use among staff and youth as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 147.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 147.)*

P2Q146

146. Were you successful in your efforts to implement organizational policies to reduce drug/alcohol/tobacco use among staff and youth as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q147

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

147. Did you work to implement keg registration as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- No *(If no, proceed to question 149.)*
- Not applicable. This type of policy was in place prior to receipt of SPF SIG funding. *(If not applicable, proceed to question 149.)*

P2Q148

148. Were you successful in your efforts to implement keg registration as part of this intervention during this reporting period? *(Select one response.)*

- Yes
- We made some progress in this effort during this reporting period, but we still have some work to do.
- No

P2Q149

P2Q249B\_7 Adults age 25 to 44: \_\_\_\_\_%

P2Q249B\_8 Adults age 45 to 64: \_\_\_\_\_%

P2Q249B\_9 Adults age 65 and over: \_\_\_\_\_%

P2Q249B\_10 Don't know: \_\_\_\_\_%

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Use the table below to indicate the **estimated** percentages of each race that you targeted with this intervention during the reporting period. The sum of all races should total 100%. *Do not use ‘%’ when entering your response.*

You will have an opportunity to report ethnicity in the next question. Ethnicity is counted separately from race. For example, if you targeted African Americans of Hispanic ethnicity, they would be counted in both the ethnicity (Hispanic) row and the race row under African American.

Racial Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Korean, Apache Indian Tribe)
250. American Indian/Alaska Native	P2Q250a _____%	P2Q250b
251. Asian	P2Q251a _____%	P2Q251b
252. Black or African American	P2Q252a _____%	P2Q252b
253. Native Hawaiian or Other Pacific Islander	P2Q253a _____%	P2Q253b
254. White	P2Q254a _____%	P2Q254b
255. Participants who selected more than one race	P2Q255a _____%	P2Q255b
256. Don't Know/Other ( <i>Specify.</i> ) P2Q256_OTH _____	P2Q256a _____%	P2Q256b

Use the table below to indicate the **estimated** percentage of Hispanic/Latino populations you targeted with this intervention and list any specific subpopulations that were targeted. *Do not use ‘%’ when entering your response.* Enter ‘0’ if you did not target any Hispanic/Latino participants.

SPF-SIG Cross-Site Evaluation, Community Level Instrument, Part II

Ethnic Category	a. Percentage of population targeted	b. Subgroups targeted, if applicable (e.g., Puerto Rican)
257. Hispanic/Latino	P2Q257a _____% <input type="checkbox"/> Don't Know	P2Q257b

**Other Activities or Services Delivered to Individuals Sub-Form**

If your intervention delivered services to individuals, but could not be classified as prevention education, alternative drug-free activities, or problem identification and referral, use this form to provide information about this alternative strategy.

P2Q258

258. Describe any other intervention that was delivered to individuals. (3000 character limit.)
